Washingtonville Home Damaged by Fire

WASHINGTONVILLE — Fire that originated in the basement of the Joe Kochi residence at the end of Stocking St. Thursday gutted the five-room, two-story frame dwelling and destroyed or badly damaged household goods. Loss was estimated at \$4,300, about \$800 of which was for the home's contents.

WASHINGTONVILLE Fireman Glenn Caddes and John Slejezak are pictured examining the badly charred interior of the Joe Kochi home in Washingtonville.

Fire Chief George Boston said the blaze apparently broke out when a wooden ceiling rafter, directly in contact with the up-

per part of the coal furnace, reached the combustion stage. Boston said the fire could have

U.S.-Haiti Relations Sag

PORT AU PRINCE, Haiti (AP)—Relations with Haiti are deteriorating rapidly.

In the past five days, the U.S. Embassy has fired off five protests to President Francois Duvalier's government, complaining about different incidents. All have been ignored.

The incidents were:

1. A bitterly anti-American address April 21 by Jacques Fourcand, pistol-carrying head of Haiti's Red Cross, at a ceremony launching a government-sponsored "month of gratefulness" to Duvalier. Fourcand called the United States a false democracy and said Haiti would not be a "tool of Washington."

2. The wife of a U.S. Marine sergeant was held in jail for two and a half hours and a noise bomb exploded in the yard of an-

other Marine sergeant.

3. Police arrested a Haitian secretary employed by the U.S. Embassy and are still holding her. A second Haitian secretary was marched off at gunpoint by a Haitian soldier as she was about to report for work. She was detained briefly.

4. A slowdown on exit permits for U.S. citizens living in Haiti. The issuance of visas was speeded up later. About 1,000 Americans reside here, but there has been no sign of an exodus.

5. The first secretary of the U.S. Embassy called the United States a false democracy and said Haiti would not be a "tool of Washington."

Duvalier's regime demanded last week that the United States withdraw the 60-member Marine

Corps mission which has been training the Haitian army. Less than half the Marines are preparing to leave in the near future. The rest are being incorporated in the military assistance advisory group which supervises the use made of American military equipment furnished Haiti.

On the American side, officials in Washington make no secret of the Kennedy administration's distaste for Duvalier's dictatorship. The United States cut off aid to Haiti for six months in 1961-62. Thursday the State Department warned U.S. citizens to "avoid unnecessary travel to Haiti" because of the tense and potentially explosive situation in the country.

U.S. Ambassador Raymond Thurston has not talked to Du-

valier in more than five months. He has had to take up diplomatic problems with Rene Chalmers, Haitian foreign minister.

Thurston plans to leave for consultation in Washington shortly before May 15, the date the United States considers the legal termination of Duvalier's six-year term in office. However, in 1961, Duvalier proclaimed himself elected for a new six-year term which he inaugurated May 22 of that year. He did this by placing his name unopposed on all the ballots in elections for the legislature.

Robert Newbegin, then U.S. ambassador, did not attend the 1961 inaugural, managing to be in Washington at the time. The same thing happened at last year's celebration of the first anniversary of Duvalier's new term.

Second Team Pressing on To Summit

Groups' Identities Secret; Scalpers Safe After Climb

KATMANDU, Nepal (AP)—With the Stars and Stripes already planted on the roof of the world, word was eagerly awaited today whether an American expedition had succeeded in conquering Mt. Everest for a second time.

Two members of the American Everest expedition reached the 29,028-foot summit of the world's highest mountain at 1 p.m. (2:30 a.m. Eastern Standard Time) Wednesday, an expedition spokesman announced Thursday night. Presumably the two climbers returned to the assault camp, 1,228 feet below the summit before nightfall Wednesday.

All Personnel Well

The expedition's base camp radioed Katmandu today that all personnel were well but added no details.

The expedition's plans called for a second team, which had been climbing a day behind the first group, to press on to the summit. This would match a Swiss feat in 1956, when two teams reached the peak on successive days.

Later, a third American team was to try for the top. But in Katmandu today there was no word beyond the bare announcement that the first team had reached the peak and planted the U.S. flag.

The expedition's policy is to keep the identities of the various teams secret until all three groups have returned to safety. It was no even known whether both of the first conquerors were Americans or whether one was a Sherpa, from the native tribe of mountaineers that furnished the guides and porters for the expedition.

First Scaled in 1953

New Zealander Edmund Hillary—now Sir Edmund—and a Sherpa, Tensing Norgay, first climbed to the ice-cruised "pleasantly rounded cone," as Hillary described it, on May 28, 1953.

In addition to the British conquest and the two successful Swiss climbs in 1956, the Chinese Communists claimed that they reached the summit in 1960 and left a statue of Mao Tze-tung. The claim has not been accepted in international mountaineering circles, and word was awaited whether the

3 Condemned Men Receive Reprieve

WASHINGTON (AP) — Justice Douglas of the Supreme Court granted stays of execution to three men scheduled to die today in California's gas chamber at San Quentin Prison.

The three scheduled to die were convicted of the 1959 shotgun murder of a witness in a robbery trial involving one of the three condemned men, Joseph Rosoto, 39. Rosoto's accomplices in the plot that killed Leslie J. Simpson, an Anaheim, Calif., tavern owner, were John F. Vlahovich, 31, and Donald G. Franklin, 34.

Thursday night, Gov. Edmund G. Brown commuted to life imprisonment without possibility of parole the sentence of Charles J. Golston, 22, a Negro convicted of raping and strangling a 79-year-old Los Angeles woman.

Record Light Vote Is Seen Tuesday

GOP to Decide Two Contests

Dems Skip Primary; School Levy Up

With only two municipal races — both between Republicans — and a single school levy proposition on the ballots, next Tuesday's primary here promises to elicit one of the lightest votes in many years.

A full primary will be held by the Republican party which has a lone citywide race. The GOP has candidates for all 10 municipal posts but all but two are unopposed.

The withdrawal of a Democratic candidate a week after the filing deadline in February eliminated the only contest in that party, obviating its primary under the Ohio "no contest" law.

The Democrats have candidates for all but the solicitor and Second Ward positions.

The Democratic slate is headed by Mayor Dean B. Cramer, who is seeking his fifth non-consecutive term in office. The mayor will have as his opponent in the fall general election Nathan Harris, who operates the Roy W. Harris & Son printing firm on N. Lincoln Ave.

Harris, who is seeking political office for the first time, also is unopposed in the primaries.

The Republican contests will be for city solicitor and Fourth Ward councilman.

McCorkhill Opposes Coe

Atty. Scott McCorkhill, who held the city solicitor's job after being appointed by Mayor Cramer in 1960 following the resignation of James Primm, will oppose incumbent Atty. Thomas Coe.

In the Fourth Ward GOP race, Michael Schuller, former councilman and president of Council, will vie against Richard L. Cobourn, an estimator at the E. W. Bliss Co. who lost a bid for a councilman - at - large nomination two years ago. Schuller is personnel manager of the Mullins Manufacturing Corp.

The scheduled Democratic Fourth Ward councilman race was eliminated when Arnold Ko-

Heroes Honored

Medal of Honor Winners Guests of JFK

WASHINGTON (AP) — As the heroes gathered with the President, the memories came back—of scars and battles, of the friends they saved and the friends they lost.

"It's one of those things you don't talk about," a winner of the Medal of Honor said as he used a cane to get across the White House lawn on one leg. He lost the other in the punitive expedition to Mexico 49 years ago.

They shook hands with President Kennedy, a few in wheelchairs, one with a steel hand Kennedy reached for heartily like all the rest.

Wives had to tell the heroic

tales for some. Others could rattle off their citations like serial numbers.

These were America's great heroes—234 of the 290 living winners of the Medal of Honor invited to a lawn party at the White House and a handshake from the President at a traditional reception for 1,600 military men and their wives.

They won their medals in Spanish-American War, the fighting at Vera Cruz, Mexico, the Philippine Insurrection, Boxer Rebellion, two world wars and a "police action" in Korea.

Kennedy, a PT boat hero of World War II himself, paid honor

to all of them in a moving ceremony in the Rose Garden outside his office and ventured it was the largest number of Medal of Honor winners ever assembled.

These men, recipients of the highest award the United States can give for military valor, are "our most distinguished American citizens," the President told his guests.

Expressing the country's appreciation, Kennedy said "you represent the strong courage of Americans and their determination to defend their country."

E. Liverpool Tax Foes Win Round

Court Orders Levy Submitted to Vote

In an apparent victory for foes of the East Liverpool city income tax, the Seventh District Court of Appeals has affirmed a ruling of the Common Pleas Court at Lisbon that ordered the question certified to the County Election Board for a vote of the people.

Notice of the appellate court's decision was received Thursday at Lisbon and a copy was forwarded to East Liverpool Solicitor Joseph W. Cooper, who fought the city's case. However, Cooper, said all the implications of the district court's decision will not be known until he receives a copy of the opinion issued in connection with the ruling.

The word received at the Lisbon court and by the solicitor said simply that the district court affirmed a decision handed down in Common Pleas Court last Aug. 29 by Judge Raymond S. Buzard.

If the city pursues the case further, its next step apparently would be an appeal to the State Supreme Court. But Cooper explained he is unable to comment on the city's future plans until he reads the court's opinion, which he expects to receive today.

The case was an outgrowth of the Trades and Labor Council's move to force a vote on the city income tax issue.

The City of East Liverpool appealed to the district court from the Common Pleas ruling that upheld Trades Council's contention that it was entitled to a ballot place for the issue, based upon petitions which it circulated requesting a vote on an initiative ordinance repealing the tax law.

The question arose last fall when City Auditor Lawrence C. Applegate, acting upon an opinion issued by the solicitor, ruled that petitions filed by Trades Council were insufficient and it was not entitled to a ballot place for the issue.

Trades Council then sought a Common Pleas Court order to compel the auditor to certify the question to the Election Board.

Nixon Stirs Up Political Speculation

NEW YORK (AP)—Richard M. Nixon has stirred up a whole new round of political speculation with his announced intention to move to New York June 1 and practice law.

The former vice president, who missed becoming president by 118,550 votes in 1960, then suffered political disaster last year when he lost a bid to become governor of California, made the announcement Thursday in a brief statement handed out by a friend. Nixon could not be reached for comment.

There was some speculation that Nixon's move was a change of political base aimed at trying for the presidency in 1964 from New York State—but some Republican politicians quickly dismissed this.

They said Nixon hardly would have invaded Gov. Nelson A. Rockefeller's home state in hopes of picking up support for a presidential bid.

Rockefeller, widely mentioned as a potential 1964 GOP choice for the presidency, said he thinks it is wonderful that Nixon is coming here and said he hopes Nixon will be active in New York politics.

A newsman asked the governor how he would feel if Nixon supported someone other than Rockefeller.

"It's a free country," Rockefeller said.

2 Bills Before Ohio Legislature

Revamping of Sunday Sales Laws Indefinite

COLUMBUS, Ohio (AP)—Ohio's Sunday sales law may be straightened out in this session of the legislature, but don't count on it.

There is a general feeling in the Senate that a House-approved bill, nurtured carefully by Rep. Edmund James, R-Noble, will not be the vehicle to bring the problem out of the wilderness.

The only apparent alternative is a bill by Sen. Kline L. Roberts, R-Franklin, to water the bill down to a \$5-to-\$25 fine for every violation of the Sunday closing law.

Senate Majority Leader C. Stanley Mechem says it will be at least a week or two before senators are in a position to say definitely that the House-passed bill is dead or that the Roberts bill is alive.

Right now, Sunday sales prohibitions are an admitted mess. Neither police nor courts are sure how to deal with the situation. Court interpretations have varied so widely there might as well be no law at all.

\$10,857 Expense Took Care of 43 Miles of Streets

Winter's Snow Removal Bill High

By VIRGINIA HURRAY

Service Director James E. Feiler, while disclaiming any authority as a weatherman, maintains that Salem had four and a half times as much snow to be cleared away during the past winter as there was in the frigid season of 1961-62.

Jim, calculating from his large, yellow daily record sheets, says \$10,857.21 was earned by eight men of his department for clearing snow from the city's 43 miles of roadway during December, January, February and March.

During the same four months, salt poured on the city's icy pavements cost Salem \$5,677.40; and \$1,941.57 worth of cinders was used. (The city's bill for salt and ashes for the 1961-62 winter totaled \$2,370.90 and \$1,630.30, respectively.)

The service director explains that a considerable portion of that ten-thousand-plus figure paid by the city for snow and ice removal was for overtime, which wouldn't have happened had there been no bothersome winter precipitation: for snow has a way of falling at night, so that members of the service department frequently worked out in the weather while citizens who counted on using the roads to get to work in the morning, slept.

When the service crew was not engaged in hauling snow away and rendering ice non-slippery this past winter, the department would take care of other jobs entailed in maintaining city streets.

TO ILLUSTRATE, he glances at his records and reads such miscellaneous assignments as: "Pick up glass on Ohio Ave." "Get beer cans dropped at corner of Second and N. Lincoln. Cans rolling down to State." "Investigate piece of iron coming up through dirt in alley near 900 block of E. Third St."

Often there are obstructing tree limbs to be removed, regardless of the season. And it's amazing the variety of debris which gets dropped, poured, lost, spilled, dumped, put or scattered at street intersections, ever demanding efforts of those who work at keeping Salem streets — among other things — clean.

EXCEPT FOR ONE INSTANCE in December when Jim called in some extra help to substitute for a few hours for the two grader operators who had worked around the clock during a blizzard period, all the winter-time care of this town's streets and avenues was done by regular service department employees.

Right now Jim and his department are greatly concerned about the winter damaged roads of Salem. The men are clearing ditches and making temporary repairs, but experience has taught the director that there is little use in trying to make permanent repairs until May 15 and thereafter.

"It's not a good practice to use hot mix as long as moisture is in the base," Jim declares. "If the temperature hasn't been warm for

several days before you patch, the patching won't last.

"We know the streets are in bad shape. We're wanting to fix them. But it's foolish to waste material and money. The cold mix we have to use now is more expensive than the hot mix which we'll be able to obtain in a few weeks."

THE PAST WINTER was harder on streets than was any other cold season Jim has known in the seven years he's been service director. In the ground as deep as 35 inches, the latest winter's frost as it makes its spring-time escape has been wrecking havoc to pavement all over town.

Not just any old salt and cinders will do for Salem streets, as far as Jim is concerned. The salt has got to be treated so that it will not cake and will always be pourable.

And a cinder, to qualify for duty on this city's roadways, must be at least one-fourth inch but no more than three-eighths inch wide. Furthermore, not more than 10 per cent of the ashes used may be of sand size.

"Before we set these standards, we used to get a lot of dust, which doesn't do much for traction," the service director points out.

HE ATTEMPTS TO KEEP at least 50 tons of salt and 60 tons of ashes on hand at all times throughout the winter.

Snow, when it is hauled away

from city thoroughfares, is usually taken to a place behind the city garage; and sometimes, with permission of the crew foreman, Leo Copacia, snow removed from city roads is deposited at Copacia Lake.

As expensive as last winter's snow removal was, Jim Feiler believes it would have been more costly had the city not purchased in November of 1961 two hydraulic spreaders.

Prior to the winter before last, Jim recalls, the old type spreader used by Salem required, besides a driver, two men shoveling in the back of the truck, or a total of three men for each of the two spreaders. Now, the man who drives the truck operates the spreader from the cab. Thus, two men per truck or a total of four men are saved for other work.

Looking forward to the city's possible acquisition of other modern mechanized units, the service department head mentions that snow blowers and mechanized snow melters are being used successfully in other places.

ACCORDING TO THE direct-dates of December, 28 days of January, 16 days of February, and nine days in March. And on many days when no new snow fell, there was ice to be concerned with.

The final snow clearing performed by city workers on streets and avenues of Salem for the past winter was on March 1.

Wheat Vote Eligibility

L. L. Moff, chairman, Mahoning County Agricultural Stabilization and Conservation Committee, today announced voting eligibility for the Wheat Referendum May 21. Moff stated that all wheat farmers in Mahoning County would be eligible to vote this year, but that those with under a 15-acre allotment would need to register to vote on or before May 13.

He stated that these small farm growers could become eligible by signing and returning the marketing quota card to the ASC office. These forms were mailed to all wheat farmers in Mahoning County April 24. After a farmer has made his farm eligible by return of this form, he can then vote May 21.

Also graduating will be James Kress, Loreta Lanzendorfer, Robert Lanzendorfer, Daniel Lindsay, Everett Lovejoy, Calvin May, Judith Mercer, Arlie Palmer, Florence Rupert, Larry Rupert, Gary Stuckey, Barbara Unger, Herbert VanHorn, Laurence Webber, Etta Louise Weber, George Whitten, Patricia Wonne, William Yeagley and Jerry Ziegler.

Taking Driver Test? Saturday Is Crowded

Applicants for drivers license were urged today to plan on taking tests on a week day, whenever possible, to alleviate the large volume of applicants coming to the Lisbon Drivers License Examining Station on Saturdays.

Highway Patrol Sgt. E. W. Mallory said the examining station is open five days of the week from Tuesday to Saturday.

"You can eliminate a long wait if you try to take your examination on some day other than Saturday," Sgt. Mallory said. "The number of applicants are usually light and you'll be assured of immediate service most of the time."

The 60th wedding anniversary of Mr. and Mrs. William Carlisle of W. Chestnut St. was quietly observed Thursday at their home.

Mr. and Mrs. Carlisle, Jennie Hand of East Liverpool) were married May 2, 1903 by the late Rev. J. P. Anderson pastor of the First Presbyterian Church.

They are the parents of five children, Mrs. Evan Loch, Mrs. Raymond Morris, William Carlisle all of Lisbon; Mrs. Mildred Downs of Wellsville and Mrs. Maurice Bel of Signal. There are 15 grandchildren and 13 great-grandchildren.

Mr. Carlisle, who was born in Ireland, is a retired printer, having learned the trade while working for the "Old Patriot." For 30 years prior to his retirement, he was employed by the Lisbon Sales Book Co.

The couple are members of the Holy Trinity Episcopal church.

THE LISBON BUSINESS and Professional Women's Club met Wednesday night at the Hotel Wick for their dinner meeting and the election of officers.

Mrs. Annetta Courtney of W. Lincoln Way was elected president, succeeding Mrs. Byron Griffith, charter president of the club. Mrs. Courtney, who is employed as bookkeeper at the Firestone Bank, served as first vice president the past year.

Other officers elected are Mrs. Griffith, first vice president; Mrs. Sally Hurd, second vice president; Mrs. Alfred Cook, corresponding secretary; Mrs. Robert Robb, recording secretary; Mrs. John Vokovich treasurer.

An auditing committee composed of Miss Joyce McCartney, chairman Mrs. Courtney and Mrs. Robb, were also elected.

Guest speaker John Tudhope,

commercial representative of the Ohio Bell Telephone Co. of the Niles office, used as his subject, "Those Talkative Smiths."

MRS. GRIFFITH PRESIDED at the business meeting. Reports were given by Miss McCartney in the absence of Miss Jo Ann Klug, treasurer. Miss Barbara Gray, chairman of world affairs committee, told of the drive for books of college level by the B.P.W. of the Virgin Islands.

Mrs. Elbert Burson, chairman of the civic participation committee, reported on the cancer fund drive, sponsored by the club and thanked everyone who helped.

The club has collected \$1,025 to date.

"Ring the Bells July 4 in Lisbon" was authorized by the club. A report of the resolution introduced in the Ohio House of Representatives by Rep. Clarence Wetzel, was given by Mrs. Richard Andrus of Lisbon. A representative of the B.P.W. will attend the "Beautification Lisbon" meeting Friday evening at the McKinley room of the V.F.W.

The world affairs committee had charge of the arrangements and program for the evening, with Miss Gray, chairman.

Mrs. Raymond McDevitt received the birthday cake for May.

Installation of officers and initiation of new members will be held at the next meeting June 5. The membership committee will be in charge.

THE ANNUAL MOTHER-daughter banquet of the First Presbyterian Church was held Wednesday evening at the church, with 10 sets of three generation families represented among the 200 guests.

Hals Painting Is Sold for \$600,000

NEW YORK (AP)—The soaring market in first class old masters has been marked by another entry in the record books.

"The Merry Lute Player," a masterpiece of the 17th century Dutch painter Franz Hals, brought a bid for \$600,000 at the Parke-Bernet Galleries Wednesday night from London art dealer Edward Speelman, who sat at the London end of an open telephone line terminating in the auction rooms.

Speelman did not indicate whether he was acting as agent for anyone. One gallery official said it was believed a private collector in England was involved.

The price was an auction record for a Hals, and the third highest price ever paid at an American auction.

"The Merry Lute Player," 35 by 29 inches and painted about 1627, was one of 24 paintings auctioned from the collection of the late Oscar B. Cintas, a Cuban sugar and railroad magnate and one-time ambassador to the United States, who established a foundation to assist artists of Cuban lineage. In 46 minutes, the sale netted \$1,280,500.

Cintas had paid \$127,000 for this picture when the John R. Thompson collection was sold at Parke-Bernet in 1944.

Why such a big jump? And why have there been some high prices for old masters in recent years? Inflation is only part of the story. Art experts say the real explanation is simple. Most of the top items have been gathered into museums, and few come on the market any more.

The previous auction record for a Hals was \$509,600, when his "Portrait of A Cavalier" was sold in London in 1960. A year earlier, a world record for a single painting at auction had been set at \$770,000 in a London auction of "Magi."

The all-time high was broken twice in one evening when the The Metropolitan Museum of New York paid \$2.3 million for Rembrandt's "Aristotle Contemplating The Bust of Homer," and Fragonard's "La Liseuse," now in the National Gallery of Art in Washington, brought \$875,000.

SENTENCED IN SLAYING

CINCINNATI (AP)—A 71-year-old man has been sentenced to a 1 - 20 year penitentiary term for killing another man in a quarrel over a bottle of wine.

Common Pleas Court Judge Simon Leis sentenced Robert Lee Johnson Thursday after Johnson pleaded guilty of first - degree manslaughter in the slaying of Ray Johnson, 51, no kin, last October.

Hearing Set on Appeal By Mrs. Jane Case

LISBON — A hearing will be held May 23 in Youngstown by the 7th District Court of Appeals on an appeal by Jane L. Case of Columbiana from her dismissal as phone operator at the Courthouse.

The hearing had been scheduled for April 2, but Mrs. Case's attorney requested a continuance. Mrs. Case, hired in 1959, was one of four Democratic appointees fired from Courthouse jobs Feb. 1, 1961 when Republicans gained control of the commissioners office.

The employees won an appeal to the Ohio Supreme Court on ground they had provisional Civil Service status and three of them were ordered reinstated last May.

16. One of the jobs was abolished in the fall of 1961.

As soon as Mrs. Case returned to her job, the commissioners fired her for alleged political activity in violation of Civil Service regulations. Mrs. Case appealed, and the State Personnel Board of Review ordered her reinstated, but on Jan. 21, Common Pleas Judge Joel H. Sharp reversed the board's decision.

Hi's From Heloise

By HELOISE CRUSE

Dear Gals: 'Tis time I let you in on a little discovery! I have tried it eight months now and it works! And it's really a time saver.

I have a regular refrigerator without automatic defrost. I don't like to defrost! Who does?

I tried to figure "just why so much frost builds up on and around the box where we keep our ice trays?" I started research. Frost is built up when it comes in contact with air!

Now . . . just where is the air coming from?

I have experimented with nine different brands of refrigerators. All have a space around that little door which flips open before we can remove an ice tray.

I decided to try to eliminate what frost I could . . . so at least if I had to go another week without defrosting the door would close! The ice builds up so fast that sometimes the hinge just won't close.

Here's what I did:

I took a cardboard tube — the kind that comes inside foil and waxed paper and cut it to fit between the wall of the refrigerator and the freezing unit.

This roll of cardboard should stand "upright" and should be just about one inch behind the clasp on that freezing unit door.

Not too far . . . you only want to block the hot air and keep it from hitting that freezing unit. It will look as if you were putting a book on a book shelf and cramping it between two other books.

Here's what it does:

WE HAVE TESTED and find that when we open the door the suction draws the hot air in more on that side where the refrigerator handle is. This is the reason (I think . . . but then I am no authority) that the ice builds up on that side first!

By blocking the air with this roll of cardboard . . . it keeps the ice from building up! Result? Don't have to defrost as often!

Ladies, I have tried sponges . . . they just don't work. First, they freeze, they have no air hole (like the cardboard insertion) and the air won't circulate. Also . . . if you go an extra long time before defrosting and the ice builds up, the cardboard can be easily removed (it's crushable and soft!).

On all the brands of refrigerators I have tried this method works. The cardboard roll will fit any space (it's usually about an inch or two) and is easily shoved in.

JUST WHAT do you have to lose? Nothing! You were probably going to throw the roll away in the first place. Takes a second o push it in the space. Try it, I believe that you will love it.

Fenton-Nolan Vows Heard In Bridgeport, Conn., Church

Miss Evelyn Fenton, daughter of Mr. and Mrs. John J. Fenton of Bridgeport, Conn., and James W. Nolan, son of Mrs. Herbert C. Nolan of 35 N. Vine St., Columbiana, and the late Mr. Nolan, were married at 11:45 a.m. Saturday at St. Ambrose Church at Bridgeport. Rev. James O'Kane officiated.

The bride wore a gown of white tissue taffeta with long sleeves and pearl embellished fitted bodice. The bouffant skirt swept to a chapel train.

Her veil of illusion was caught to a crown of crystals and pearls and her bouquet was of white orchids and stephanotis.

Miss Annmarie Dailey of Bridgeport was maid of honor in a gown of turquoise chiffon over taffeta.

Yellow nylon over taffeta was worn by Linda Mary Fenton, niece of the bride, who was junior bridesmaid, and Kathleen Morrissey, another niece of the bride, who served as flower girl.

Francis E. Cammarata of Medford, N. Y., served Mr. Nolan as best man and Maurice J. Fenton

care of this paper. I am here to help anyway I can. I am sure that you will love this idea. I do.

Thanks for your wonderful letters. You have no idea how much more I understand when you write with your complaints and problems.

But isn't it wonderful to be a wife? And run a home? What greater job could anyone in the entire world ask for? Do it with pride . . . honor and love.

It's there . . . just for the asking!

HELOISE.

DEAR HELOISE: I use the turntable of a Lazy Susan for bowls of vegetables at mealtime. This is especially handy when you have small children who cannot pass the bowls or serve themselves. They just twirl it around.

ETTA.

DEAR HELOISE: I learned when I was young and "smoking on the sly" to remove nicotine stains from my fingers by rubbing them with cotton which had been saturated with hydrogen peroxide. This may be purchased at any drugstore.

Senior Citizens to Attend Church

Salem Senior Citizens will open Senior Citizens Month by attending services Sunday in a body at the First Christian Church, which is the church of their president, Frank McConnor.

The group will meet at the church at 10:15 a.m. to attend the 10:30 service. Anyone needing transportation is requested to call either Mrs. Raymond Stiver at the Memorial Building or Mr. McConnor.

Guest Day Is Marked By Salem Garden Club

Places were laid for 100 when members of the Salem Garden Club held their guest luncheon Tuesday at the Salem Golf Club.

The white linen covered tables were centered with wooden garden carriers filled with pots of flame colored geraniums. Garden gloves and trowels gave the illusion of a gardener having been interrupted at her work. The plants were given as favors at the close of the meeting.

Mrs. James Fisher, president of the Youngstown Garden Forum, and past president of Garden Clubs of Ohio, was a special guest.

Mrs. Caplan, president, announced the Spring Regional meeting will be Monday at the First Covenant Church at Boardman, and the Garden Mart will be May 18.

Mrs. Ben Brown of Youngstown, an expert in the art of Japanese flower arranging, presented the program. She made several arrangements using different colored backgrounds specializing in the oriental theme. Mrs. Brown is a member of the Canton Chapter of Ikebana International.

Mrs. J. J. Hiegel and Mrs. William Reardon were co-chairmen in charge of arrangements for the event, and were assisted by Mrs. Victor Ballenger, Mrs. Virgil Hart, Mrs. F. W. Hone, Mrs.

Where do you want your tax money to go?

If you had your choice, you'd probably pick defense, or space exploration, or some other job you expect the federal government to do.

It isn't likely that you'd pick a job for which your tax dollars would be spent needlessly.

Yet some people are urging the federal government to build more electric power plants and lines. This is un-

necessary spending because the more than 300 investor-owned electric light and power companies can provide all the additional electricity a growing America will need.

Wouldn't it make sense for the federal government to stop such needless spending, and use your tax money only for items that can be justified on the grounds of national interest?

Columbiana School Choral Event Today

COLUMBIANA — Combined Columbiana High School Band and Chorus will present their annual spring concert, entitled, "The Garden of Song," at 7:30 tonight in the high school auditorium.

The program will be divided into three parts with Mrs. arol Schoenhard directing the chorus and Dale Guchemund directing the band.

Sacred numbers will first be presented by the band. They are "To Thee We Sing," "Intercessory Hymn" and "Song of Praise." The band will next present, "Holst 2nd Suite in F," "Thaumermusik" and two marches entitled, "El Conquistador" and "Coat of Arms."

Next on the program is the Girl's Glee Club singing two songs. The chorus will sing "Whoa Mule Whoa," Three Hungarian Folk Songs and "Black Rode the Wind."

Presenting her solo which was given a "superior" rating in the competition held recently at Kent State will be Mary Drew.

A final performance by the senior quartet will follow and the program will be concluded with "Sine Nomine" which will be jointly presented by the band and chorus.

EIGHT COLUMBIANA HIGH School students have qualified to compete next Wednesday in the finals of the miniature auto races at the Hobby and Cycle Shop on E. Park Ave.

Robert Barnes, shop proprietor, announces the eight weekly winners are Rick Hooper, Al Ridel, Bill Davis, Dennis Chase, Jerry Simpson, Bobby Dykes, Larry Taylor and Terry Morris.

The winner of the Wednesday races will be timed on 50 laps with his miniature auto around the track, three by six feet in size. If his time is one of the 16 best records in the nation, he will be eligible to compete in the national races in Detroit this summer.

The little cars, an inch wide and two inches long, are operated electrically in a slot and maneuvered with a rheostat and control box. The track has a series of four curves.

FIRST PLACE HONORS were accorded the color guard of York Drexler Post of the Veterans of Foreign Wars, when the group participated in a "Loyalty Day" parade recently in Dover. The post received two trophies in the competition in which 17 senior men's color guards were entered—the district trophy and the VFW Columbiana County Council trophy, tallying a score of 94.2.

Local members of the color guard are Bob Kesler, Gary Sayers, William Davis, Carl Wickline, Jerry Angel and Cletus Luther, sergeant.

The parade, which was made up of groups from throughout the 6th District of the Ohio VFW, consisted of 72 units and included floats, scouts, bands and color guards.

As part of the Arbor Day program at South Side School, Mrs. Theodore Griffith's fifth grade class recently planted a flowering crab tree on the lawn of the school. Donors of the tree were

members of the Columbiana Garden Club.

This marks the first planting in the scheduled landscaping plan at the school. School officials noted that donations of trees and shrubs will be welcomed from any group or individuals who care to do so.

MRS. CAROL SCHOENHARD, vocal music director at Columbiana High School, presented a program of vocal music by members of the Seventh Grade Chorus at a special assembly held Wednesday for seventh and eighth grade students.

Visiting Columbiana High School today to talk with interested juniors and seniors was Francis Hazard of the Kent State University Extension Center at Salem, uprose of the visit was to acquaint students with the program offered at the Salem school. Hazard will be visiting all high schools in Columbiana County.

Admission to the school is by the same requirements as at the main school at Kent. However, only the first two years of study will be offered at the Salem branch.

MRS. HARRY HELTZEL and Miss Anna Mehnert will be hostesses when members of Hope Circle of the Jerusalem Lutheran Church meet at 1:30 p.m. Tuesday at the church.

"Christ is Our Victor" will be the topic led by Mrs. Bertha Bierman and the cause of the month, "Lutheran Cooperation," will be given by Mrs. Charles Esenwein.

Boy Scout Training Conference Held

LISBON — A Boy Scout junior leadership training conference is being held today through Sunday at Camp McKinley, west of Lisbon, according to Bennett Taylor, Jr., executive director of the Columbiana Boy Scout council. Approximately 128 boys and 50 instructors are attending.

ROGERS COUNCIL TO MEET

ROGERS — Routine business will be transacted when Rogers Village Council meets Monday at 7 p.m. in Community Hall, Mayor Robert McCreary announces.

The Doctor Says

By Dr. WAYNE G. BRANDSTADT
Health Questions, Answers

Q—I read your article on pinworms. Please tell me how long the eggs can remain alive on draperies or other places that are not cleaned every day. Also, how long is it after you swallow the eggs before you have the full-grown worms? How can an adult tell whether he has pinworms?

A—The pinworm eggs can live for about nine days, depending on the dryness of the air. The drier the air the faster they die out. After swallowing the eggs, it takes about four weeks for the worms to reach the stage where they are ready to lay their eggs at the outlet of the bowel of the human host. As the female worm wriggles out of the victim's body (usually at night) there may be some itching around the anus.

The only other way a person can tell whether he has worms is by finding them in the stool or in the anal region. They are white, actively squirming and about half an inch long.

Q—I am 34, and have had lupus erythematosus for about eight years and have been taking chloroquine (Aralen). In your article

SHAPE'S THE SAME — The wig is dark, but the gal beneath it is still Brigitte Bardot. She dons the hair piece in a Rome-filmed picture.

ive than chloroquine? What are the side effects?

A—Chloroquine is an antimalarial drug and, although it has been on the market for several years, it is still a comparative newcomer.

The side effects include mild headache, itching, blurred vision, and stomach upsets when the drug is taken daily for a long time.

It is essential that anyone taking this useful drug regularly have a checkup by an eye specialist four times a year.

The eye doctor should be told that you are taking chloroquine, so that he will be sure to include special tests in his examination.

Q—If a pilonidal cyst is removed, can it come back?

A—A pilonidal cyst is a cyst that occurs at the lower end of the spine, and is due to a small defect in development. It may

contain hair follicles and is easily infected.

If the cyst is infected it may have to be opened and drained before any attempt at removal is made. If the cyst is not removed completely, it will surely come back.

Because of the location and the danger of reinfection, healing is cyst is removed completely.

Q—I am 62, and suffer with cramps in my toes when I go to

bed. What could cause this? I have had a broken ankle and a broken hip. Could it be from that?

A—The cramps you describe are caused by the muscles of your feet being in an unnatural position when you are lying in bed. This often happens when the bedclothes are too heavy.

Many people can bring on such cramps at will by overextending the joints of their feet. It is most

unlikely that your broken bones play any part in the cause.

Vigorously moving the joints in your feet and putting them in a more comfortable position should give relief.

A substance that repels boll weevils and that may eventually help control the pests has been discovered in the cotton plants themselves by Mississippi Experiment Station scientists.

Tribe Bombards KC 15-6 With Season's Top Effort

Held's Clout Clears Bases

Tribe Starts Series With Angels Today

LOS ANGELES (AP) — The Cleveland Indians flew here today—probably on Cloud 9—after their biggest hitting outburst of the season in a 15-6 rout of the Kansas City Athletics.

The triumph, produced with an 18-hit attack and a tremendous seven-inning relief job by Barry Latman, knocked the Athletics out of first place Thursday.

Woodie Held touched off the biggest fireworks with a grand slam homer in the Indians' six-run sixth inning. Held also hit a run-scoring single and walked twice. Tito Francona had four hits, including three doubles. Vic Davalillo had two hits, including a home run, and knocked in four runs. Fred Whitfield smacked two doubles and drove in three runs.

After the Indians' offensive famine, the hitting was a tonic to the players and Manager Birdie Tebbets.

Latman, the third Tribe pitcher, permitted just two hits—a triple and homer by catcher Bill Bryan—in seven innings. He walked four and struck out five.

Sam McDowell (1-2) hopes to keep the Indians rolling along in the opener of a three-game series with the Los Angeles Angels tonight. His mound opponent will be Don Lee (2-0).

Uncle Sam Sets Goal Of 100 Medals In Brazil Track Meet

By JERRY LISKA

Associated Press Sports Writer
SAO PAULO, Brazil (AP)—The United States set its gold medal goal at 100-plus today as it prepared for the climactic showdown in the fourth Pan-American Games.

Uncle Sam's athletes, with 89 championships already in the bag, hoped to pick up five or six more golds in track and field, two in basketball, two in boxing, another in synchronized swimming.

The men's basketball team, which crushed Mexico 96-54 for its

fifth straight victory Thursday night, goes into a showdown with Brazil, also unbeaten in five games, in the title game tonight. In women's basketball it's the United States 5-0 against Brazil 4-1, also for the championship tonight.

The Yanks' boxing hopes rest with a pair of big boys, the only two U.S. survivors of the tournament.

Fred Lewis, a 28-year-old Air Force man from Vallejo, Calif., meets Ronald Holmes of Jamaica in the light heavyweight final. Lee Carr, a 192-pound Army private from New York, faces Jose Edson Jorge of Brazil in the heavyweight class.

This figures to be a good day for Uncle Sam in track and field. Olympic champ Ralph Boston of Laurel, Miss., is cranked up for a superlative broad jump with a good chance of beating the Pan-Am record of 26 feet, 4 1/2 inches set by Roselyn Range of the U.S. at Mexico City in 1955.

Hammer throw champion Albert Hall, the poultry specialist from Greenfield, Mass., should top his 1959 mark of 190 feet, 11 inches. Favored in the 110-meter hurdles is Blaine Lindgren, the deputy sheriff from Salt Lake City.

Only two women's finals are scheduled. Eleanor Montgomery of Cleveland and Estelle Baskerville of Columbus, Ohio, are favored to finish 1-2 in the women's high jump. But the Americans have nobody to challenge Canada's strapping Nancy MacGredie in the discus.

The Games reach their climax Saturday with the blue ribbon 1,500-meter race and the marathon highlighting the card.

Musial's Hit Gives Cards 4-3 Decision

By MIKE RATHET

Associated Press Sports Writer
ST. LOUIS, Mo. (AP)—Stan Musial uncoiled from his familiar left-handed stance in the seventh inning Thursday night and lashed a three-run double that gave National League leading St. Louis a 4-3 victory over the Chicago Cubs and added yet another record to Stan The Man's collection.

It was the 1,356th extra-base hit of Musial's career, tying the major league record held by Babe Ruth. The 42-year-old Cardinal has legged out 3,555 hits a distance of 102 miles and set or tied 42 NL records and 15 major league marks.

Musial's lifetime chart now shows 2,199 singles, 717 doubles, 175 triples and 464 homers. Double No. 717 came at an opportune time, giving the Cardinals a 4-0 bulge they needed to hold off the rallying Cubs.

The victory kept the Cardinals two games ahead of Pittsburgh and San Francisco. The third-place Giants edged the second-place Pirates 2-1 on Juan Marichal's five-hit pitching and Felipe Alou's two-run homer.

Ron Fairly's two-out, two-run homer in the ninth inning gave the Los Angeles Dodgers a 3-2 decision over Philadelphia. Hank Aaron hit his eighth homer and Bo Hendley allowed only three hits as Milwaukee blanked Cincinnati 8-0 and the New York

Mets belted Houston 10-3.

In the American League, Cleveland overwhelmed Kansas City 15-6, the New York Yankees blanked the Los Angeles Angels 7-0. Baltimore edged Chicago's White Sox 8-7 and Washington whipped Detroit 9-4. The Boston-Minnesota game was postponed due to rain.

Marichal, who struck out seven and walked only one allowed the lone Pirate run in the sixth.

Fairly's fourth homer tagged Art Mahaffey with the defeat. Ron Perranoski now 3-1, picked up the victory in relief. Hendley, bringing his record to 3-1, gave up all three Reds' hits to Leo Cardenas. The Braves pounded out 12 hits to hand Joey Jay his fifth defeat.

Charlie Neal stroked four straight singles as the Mets scored in double figures for the first time this season. Larry Burright drove in three runs for New York in support of winner Al Jackson. Don Nottebart took the loss for the Colts.

Baltimore Edges White Sox 8-7

Ford Hurls Shutout As Yanks Blank Angels 7-0; Senators Whip Detroit

By The Associated Press

Whitey Ford, 34, playing his 12th season with the Yankees and so sore-armed in the spring that he was relegated to the B-team, showed Thursday that he is far from being a candidate for the Old Pitchers Home—if there is such a place.

He shut out the Angels at Los Angeles 7-0, giving up only four hits, all singles; striking out 10 and walking one. Counting the seven innings he worked against Cleveland April 28 before being yanked by Manager Ralph Houk

for a rest, he extended his streak of scoreless innings to 16.

The victory, helped along by Joe Pepitone's first grand slam home run in the majors, put the world champions within reach of first place in the American League spot that has been reserved for them for next September.

They are just a game behind the Boston Red Sox, who are leading the league by percentage although by a mathematical quirk the Kansas City Athletics are one-half game ahead.

The Athletics, in all their green and gold glory, lost their No. 1 position when beaten by the Cleveland Indians 15-6, mainly on a grand slam home run by Woody Held. The Red Sox, at Minnesota, were rained out.

In other games, the Washington Senators hammered out a 9-4 victory over the Detroit Tigers, Larry Osborne leading the attack with two home runs, and the Baltimore Orioles downed the Chicago White Sox 8-7 on a bases loaded single in the ninth inning

by Brooks Robinson that scored three runs.

In the National League, the St. Louis Cardinals edged the Chicago Cubs 4-3; Milwaukee blanked Cincinnati 8-0; San Francisco downed Pittsburgh 2-1; Los Angeles nipped Philadelphia 3-2, and the New York Mets walloped Houston 10-3.

At Kansas City, besides Held's grand slammer, homers were hit by the A's rookie catcher, Bill Bryan, and Cleveland's Vic Davalillo. Barry Latman, who entered the game in the third and gave up only two hits the rest of the way, was the winning pitcher. Jim King added a home run to the two-Osborne hit for Washington at Detroit. The Senators collected 13 hits in winning two games in a row for the first time this season.

Robinson's game-deciding blow at Chicago came with two out. Chicago's Jim Landis hit his third home run of the season and Jim Gentile and Bob Johnson both hit for the circuit for the Orioles.

Columbiana Rips United 70-39; Gosney, Murphy Reset Records

Jim Ward and Dale Murphy collected three first places each as Columbiana outclassed United 70-39 in a dual track and field meet at Firestone Stadium in Columbiana Thursday.

It was the third victory in four starts for the Clippers who will compete in the Marietta Relays Saturday.

The Golden Eagles captured the mile run, 880-yard run and the mile relay.

Ward took the 100-yard dash in 10.2 seconds, 220-yard dash in 22.9 and the broad jump with a leap of 21 feet, 2 inches.

Murphy chipped in by winning the shot with a record breaking 52 feet, 1/2 inch. He bettered his own school mark of 50 feet, 9 inches set two weeks ago.

He also won the discus with a heave of 137 feet, 6 inches and the 180-yard low hurdles in 22.9 seconds. Both Ward and Murphy were members of the winning 880-yard relay that was closed in 1:34.

The Clippers' Fred Gosney reset the high jump record again by clearing six feet. He set the school mark two weeks ago by going 5-11 1/2. He also took the high hurdles in 18 flat.

Rick Perrin, who has finally rounded into shape, pushed Ward in both sprints and broad jump. He was timed in 10.4 for the century, 23.3 for the 220, and leaped 19 feet, 11 inches in the broad jump.

Metzgar nipped teammate Zeigler to win the 880-yard run for

United, and Zeigler edged Metzgar to capture the mile run.

Indians Exchange Perry For Kralick

CLEVELAND (AP)—The Cleveland Indians may be ready to make another trade soon, now that the ice has been broken in a deal in which southpaw Jack Kralick comes to the Tribe from Minnesota in exchange for Jim Perry.

With the countdown date coming up in a week, the Indians must drop their roster from 28 to 25 players. Still needed is a slugging outfielder, who may be able to be obtained in a package deal.

Cleveland General Manager Gabe Paul announced the Kralick-Perry trade Thursday. The Indians had been seeking Kralick, a Youngstown native who will be 28 next month. The Twins wanted either Gary Bell or Barry Latman.

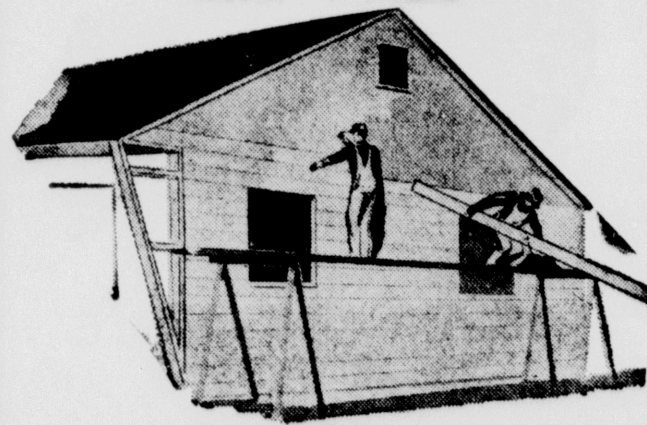

Kralick, a frail left-hander who carries 175 pounds on his 6-foot-1 frame, pitched a no-hitter last season. He had a 12-11 record in 1962 and has a 34-32 lifetime mark, including only one triumph in five decisions this season.

Perry, 26, seemed headed for stardom in 1960 when he was the Indians' "man of the year" after compiling an 18-10 mark, but he won 22 and lost 29 in the past two seasons. So far this season, he has appeared in five games, all in relief, and had no won - lost record but has a 5.23 earned run average.

Nicklaus Leads Palmer By 2 Strokes In Tournament Of Champions Event

By BOB MYERS
Associated Press Sports Writer
LAS VEGAS, Nev. (AP)—Jack Nicklaus and Arnold Palmer, who specialize in destroying par scoring in golf, threatened today to

make a two-man show of the \$50,000 Tournament of Champions. Nicklaus, who has divested Palmer of such valuable crowns as the National Open and the Masters, led the way into the

second round with a lead of two strokes over Palmer after shooting a record 8-under-par 64 Thursday.

No Robbery Favored To Capture Classic

Nine Horses Are Entered In Saturday's Derby Race

By KELSO STURGEON
Associated Press Sports Writer
LOUISVILLE, Ky. (AP)—This year's Kentucky Derby, which attracted eight bluebloods of racing and a colt that will really have to move just to stay in sight of the field, is made for a Silky Sullivan that can run.

For those who don't remember, Silky Sullivan was the California colt that gained some fame for his come from behind victories. In 1958 Silky mistook the Derby for his afternoon stroll and finished 12th in a 14-horse field.

Most trainers in this year's race concede that Greentree Stable's unbeaten 10 Robbery has so much early speed that any colt trying to run with him may find the pace killing.

Horses in the race that figure to stay close to the pace, and possibly No Robbery, in the early going, are Darby Dan Farm's Chateaugay, Walnut Hill Farm's Gray Pet and Cain Hoy Stable's Never Bend.

Rex Ellsworth's Candy Spots, the 6-5 favorite to win the 89th running of the 1 1/4-mile event Saturday, can either run or stay off the pace. He'll probably stay well off it until they hit the stretch.

This leaves Ambush Stable's On My Honor, who came from 24 lengths off the pace to win the California Derby, B. J. Ridder's Royal Tower and Patrice Jacobs' Bonjour.

J. J. Cherock's Investor, who figures to go postward at odds better than 100-1, usually runs off the pace—well off it. He finished

next to last in Tuesday's Derby Trial Stakes.

The Derby will be worth \$151,400 if all nine go postward, with \$108,900 going to the winner.

The field of nine this year is the smallest since 1957, when the same number started.

The Weather Bureau predicts it will be cloudy but pleasant, with temperatures ranging in the 70s and 80s.

The race will be televised (CBS) from 4:55 p.m. Eastern Standard Time and broadcast (CBS) from 4:15-4:45.

Three shots off the pace was Bill Collins, who displayed no evidence of a back ailment which has hampered him all year. The 34-year-old pro from Miami, Fla., shot 34-33-67.

Tied at 70 were Bill Casper, Jr., Bo Wininger, Johnny Pott and Doug Sanders, and rounding out those who broke par with 71s were Doug Ford, Jacky Cupit, Lionel bert, Gardner Dickinson and Jerry Barber.

The first official list of point standings by MARC shows Bill Forney of Youngstown leading the late model field with 150 points. Jerry Kavinsky of Youngstown tops the amateurs with 100.

Both of these drivers will be trying to extend their lead in the late model and amateur stock car races at Canfield Speedway on Saturday night.

There will be 11 big races on the program, including two features. Time trials begin at 7 p.m. and first event at 8:30.

Following Forney is Bob James of Akron with 115, followed closely by another Akronite, Kenny Lowe, who has 110.

Ray Smeznik of Cleveland has 100, Nook Walters of Niles 100, Mason Heister of Youngstown 90, Rabbi Hippley of Salem 80, Bob Greer of Hubbard 70, Chuck Dorsey of Warren 70 and Paul Kerr of Youngstown 65 to round out the top 10.

The leading ten in the amateurs in addition to Kavinsky are Dave Benner of Austintown 95, Bud Miller of Youngstown 90, Art Simcox of New Middletown 85, Jim Mellicka of Warren 80, Gary Walters of Niles 75, Harold Vasky of Youngstown 65, Vic Searfoss of Youngstown 60 and Lewis Parker of Girard 55.

All of these top stars will be back again Saturday night. All told, the entry list is expected to top 100 cars.

Trying to break into the top 10 will be Gus Iacozilli of Warren, George Hegedus of Warren, Dick Lantz of Newton Falls and Canfield's 1962 champion, Jim Bickerstaff of Warren, who had engine trouble on last week's opening card.

West Branch, in a closely-contested match, edged Alliance 4 1/2-3 1/2 at Robbyn's Knoll course Thursday.

Coach Gene Smythe's aggregation avenged an earlier defeat at the hands of the Aviators, while picking up their 10th victory in 12 starts.

Dan Contussi took medalist honors for the losers with a 37. Deon Good fired a 38 to lead the winners. His teammates Dan Hendricks and Dick Shreve carded 40s and Gary Bryant finished with a 44.

Jim Quick chalked up a 38 for the Aviators. He was followed by Bill Carli and Bill Jones who had 46s.

Cites Crime Increase Since 1950

Hoover Says U.S. Faces Breakdown of Law, Order

EDITOR'S NOTE — J. Edgar Hoover soon will begin his 40th year as head of the FBI. How has the bureau changed since he took over? How serious is the crime problem? What does he call the crime of the century? He answers these and other questions in this article.

By **RAYMOND J. CROWLEY**
WASHINGTON (AP)—J. Edgar Hoover, about to enter his 40th year as FBI director, cautioned the nation today that it faces "a tragic breakdown of law and order" unless crime is curbed.

The head of the Federal Bureau of Investigation said serious crime has increased by 114 per cent since 1950. One major cause, he said, is public apathy toward law enforcement—too many people

adopt a "don't get involved" attitude.

"Law enforcement," he said, "must depend on citizens who will report criminal acts and later testify about them."

Back in 1917, when he was a fledgling lawyer, Hoover entered the Department of Justice as a clerk. His rise was rapid and 39 years ago next Friday, he became head of the FBI. He is now 68.

Here, in the form of written answers to written questions, are some of the views of the man whose anticrime career has made his name a household word:

Q. What has been the greatest thrill of your career to date?

A. It was that moment on May 10, 1924, when Attorney General Harlan Fiske Stone called me to his office and asked that I take over the bureau's reins.

In the preceding months, the FBI had been rocked by scandal. It had become a dumping ground for political favoritism. Morale was low. Investigative operations were inefficient. The bureau was in need of a thorough reorganization and house cleaning.

As I sat in the attorney general's office that day, I realized that here was a genuine opportunity for service to the American people.

Q. What are the basic differences between the FBI today and as it existed in 1924?

A. Most noticeable, perhaps, is the fact that our jurisdiction has increased manifold. For example, during the gangster era of the 1930s, a series of crime bills—including such important laws as the Federal Bank Robbery Act, the Lindbergh kidnap statute and the Fugitive Felon Act—were passed by Congress and placed within the bureau's jurisdiction. In September 1939, as war clouds thundered over Europe, President Roosevelt issued a directive making the FBI the civilian agency primarily responsible for safeguarding the nation's internal security. Investigations of espionage, sabotage and subversive activities have been one of the major areas of our responsibility ever since.

More recently, Congress has passed a series of laws designed to help combat organized crime and racketeering. Several of these new laws are among the approximately 170 federal investigative matters over which the FBI has jurisdiction today.

Q. The FBI has become the symbol in the public eye of a highly efficient law enforcement agency. What is the main reason for this accomplishment?

A. The combined loyalty and sacrifices of thousands of FBI employees—past and present—underlie the bureau's reputation to day.

The FBI is a "we" organization. Major crimes are not solved through the efforts of any one person.

Q. Statistics indicate that crime has been increasing in the United States. Just how serious is the crime problem?

A. Preliminary crime statistics for 1962 revealed a 7 per cent increase in the number of serious crimes over 1961. From 1950 through '62, serious crimes in the United States surged upward by 114 per cent.

These cold facts are sufficient to show that crime is one of the most serious problems facing the nation today. Over 2 million crimes of murder, forcible rape, robbery, aggravated assault, burglary, larceny of \$50 and over, and automobile theft were committed in 1962.

Serious crime has increased five times faster than the nation's population in the five years preceding 1962.

The current trend, unless reversed, foretells a tragic breakdown of law and order which will require drastic action to avoid chaos.

Q. What is causing this increase in crime?

A. There are any number of factors involved in the crime problem. The size of a community; density, age, race, sex, economic status, mores and stability of its population; climate; effectiveness and strength of police agencies; efficiency and policies of prosecuting officials and courts; and the attitude of the public toward law enforcement are among the many factors.

It is my firm belief that the public attitude toward law enforcement is a major and basic cause of the current crime increase. Too many people today are concerning themselves only with rights. They are ignoring responsibilities. Too many citizens have adopted a "don't get involved" attitude about matters of crime.

Beaver Festival Chairmen Named

Chairmen of events for the Beaver Local High School spring festival were named at a special meeting of the Beaver Boosters Club Thursday night at the high school.

Mrs. Everett Hoppel will be general chairman for the event scheduled June 3-8 at the school. Mrs. Clark Bookman and Mrs. Mary Berger will be co-chairmen and also will have charge of the festival queen contest.

Other chairmen are Mrs. Ed Allilus, kitchen, and Leslie Jones, antique room. Rides for the festival will be furnished by Heck's Amusement Co. of Calcutta.

Also discussed was the all sports banquet set Tuesday night at Beaver Local Public School, and sponsored by the club.

President George Dunn presided last night. The next regular meeting will be May 14 at 7:30 p.m. at the high school.

Susan Knopp

Susan Knopp to Attend Girls State

Miss Susan Knopp of Calla has been chosen by the faculty of Greenford School to attend Buckeye Girls State in Columbus in late June.

Miss Knopp, daughter of Mr. and Mrs. Warren Knopp, is a high school junior and an honor student, and has special interest in history and government.

Her classmate, Miss Ruth Nesbitt, daughter of Mr. and Mrs. Jesse Nesbitt of RD 4, Salem, was selected as alternate delegate to Girls State, a workshop in government.

Looking Back

By HAL BOYLE

NEW YORK (AP)—Some people like to look ahead. But we all like to look back.

One of the nice things about the past is that we know it can't get any worse—a thing we can't say for sure about the future. As a matter of fact, seen through the haze of reminiscence, the past gets rosier all the time to most of us. We recall it with a growing fondness.

You can qualify for membership in the old-timers' league if you can remember when—

No working man ever bought a suit with only one pair of pants.

Parents never had to think up things for their children to do. A boy could keep himself amused all afternoon knocking tin cans off the backyard fence with a slingshot.

A child that dared to sass his daddy or mother usually couldn't sit comfortably—even on a pillow—for the next three days.

A person was born either a Democrat or a Republican—and expected to stay one or the other all his life. Anyone who switched political parties was suspected to be lacking in character.

You could go through half your life without filling out a government form.

Women went through the whole day wearing the same face they woke up with in the morning.

They didn't have to paint on a new one every time they stepped out the front door.

A wife's standing in the community was measured by the quality of her apple pies.

People were born—and died—in their own homes. You only went to the hospital when you had to have your appendix taken out.

A juvenile delinquent was a boy under 15 who sneaked into the local barbershop to read "The Police Gazette."

Everything was cooked in lard, a substance with which young sports also slicked down their hair before going out on a date.

Clara Bow was known as the "It" girl of the movies.

Only bums and hobos cooked their meals out of doors.

The minister was thought to be shirking his duty if his Sunday sermon lasted less than a full hour.

The height of sophisticated repartee was to remark of something, "That's the cat's meow!"

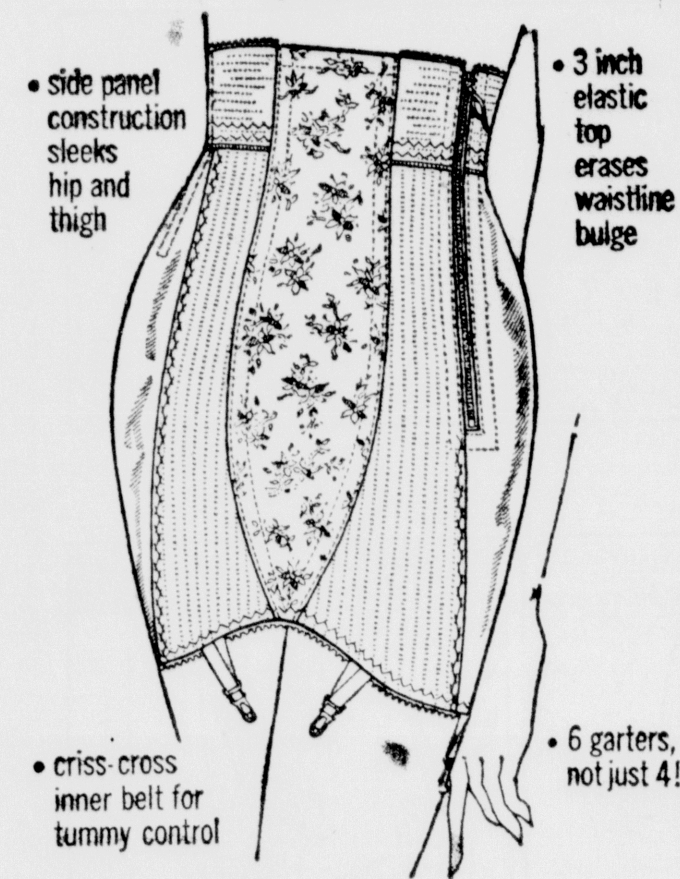

You couldn't get through most high schools without learning some Latin.

No young girl careful of her reputation would be seen sitting in the rumble seat of an auto with a young man.

Yes, those were the days. Remember?
